# A word from our guests

I am struggling to write an appropriate feedback for Gateway of India-Brisbane for the most wonderful arrangement they provided for our daughter's wedding reception.

Being away from town, it was hard to chose and organize an event of this magnitude but Justin not only made it possible but very easy as well.

To begin, Justin was communicating with us every bit of time and explaining to us every step. He provided us with friendly, frank and realistic advice, which made everything seem so easy yet grand.

The décor and arrangements was grand and much better then we expected. The service started on time in a very orderly manner. The service staff were adequate, friendly, prompt, courteous and very professional. It was evident that the staff was adept at handling large gathering and making a great job of it.

The crowning glory was undoubtable the food. The food was very very tasty, more then adequate, replenished on an timely basis. Each and every guest went home very happy and satisfied

My favourite-Paneer pakora, fish pakora, Dal, Mixed vegetable and goat curry.

Highly recommended.

If you have any event big or small, go see Justin and give Gateway of India a go-no disappointment guaranteed.

Well done Justin and Gateway of India

We had our wedding reception at the Gateway. Really happy with the whole experience. Justin had been really helpful and professional during the whole process. Choosing right decor, food and set-up. On the day of reception we were actually able to enjoy the day instead of running around checking things. Whole thing was taken care of by Gateway team.

Will definitely recommend. BTW food was delicious. Thanks Gateway Of India team for making our day memorable.
